PROFESSIONAL SUMMARY

Experienced UI/UX Designer with extensive experience crafting intuitive, high-impact web and mobile experiences. Transforms complex ideas into scalable, user-centered designs using Figma, Adobe Creative Suite, and AI-powered tools like Claude and Builder.io. Proven in delivering results through cross-functional collaboration and innovation-driven design.

PROFESSIONAL EXPERIENCE

Senior UI/UX Designer — N-Compass TV

December 2023 – Present

- Lead end-to-end design process for web-based SaaS products, translating complex business requirements into intuitive user experiences.
- Conducted user research, stakeholder interviews, and competitive analysis to identify user needs, pain points, and business opportunities.
- Created user flows, information architecture, wireframes, interactive prototypes, and high-fidelity UI designs.
- Collaborated closely with cross-functional teams including product managers, developers, and stakeholders.
- Leveraged AI tools such as Claude to support ideation, UX writing, research synthesis, and rapid iteration.
- Mentored and trained interns and junior graphic designers, helping them transition into UI/UX roles.
- Created learning materials, workshops, and practical exercises to strengthen team UI/UX capabilities.

Freelance UI/UX Designer

January 2023 – December 2023

- Created wireframes, style guides, and design components for client projects.
- Collaborated directly with clients to present and explain design decisions step by step.

UI/UX / Web and Graphics Designer — Håndværker PH

January 2021 – December 2022

- Created wireframes, mock-ups, and prototypes for websites, web apps, and mobile using Adobe XD.
- Produced animation and graphics for marketing materials using Figma and Photoshop.
- Edited videos for banner and hero displays on website.

UI/UX Designer — Teravault Software

February 2020 – October 2020

- Designed and prototyped web applications from scratch using UXPin, Adobe XD, and Figma.
- Collaborated with designers and worked directly with international clients on feedback and updates.

UI/UX Designer — Blueprint Business Solutions Corp.

September 2019 – October 2020

- Created designs from scratch based on client requirements using CMS platforms.
- Collaborated with team on design feedback and iteration.

UI/UX Designer — Hurdman Communications

December 2018 – August 2019

- Designed web application UX and UI including wireframing, prototyping, and finalizing using Sketch and InVision.
- Collaborated with team designer and CEO on design presentations and feedback.

Enterprise Web Builder — Mopro

February 2017 – October 2018

- Selected as designer to create designs from scratch for US-based enterprise clients.
- Designed within CMS platform constraints and collaborated with international design teams.

Web and Graphics Designer — Sushi Digital

March 2016 – February 2017

- Designed website landing pages including mobile views using Adobe Photoshop.
- Converted JPEG images to vector using Adobe Illustrator.

Web and Graphics Designer — Proweaver

January 2015 – March 2016

- Created logos, flyers, brochures, business cards, and website mock-up designs.
